

Ovingham Goose Fair and 2017

Due to the recent works to upgrade the bridge at Ovingham, the Reading Room has not held a Goose Fair on the usual site since 2014. Whilst the actual bridge work is now complete the restoration of the Village Green and Vicarage Haugh (which was used as a site compound) is still ongoing and has been delayed over the winter.

Restoration work will start shortly, but is weather dependant and time will also be needed for the ground to settle and new grass to grow.

As there is a real risk of the site not being useable by June we will once again not be organising the Fair in 2017. Unlike the last two years there will not be a "Gosling Fair" this year.

We will further advise forward plans for 2018 later in the year. If any residents would like to help with planning and organising please let any Reading Room Committee member know.
